CALL FOR APPLICATIONS

SHORT-TERM STAFF MOBILITY AT POZNAN UNIVERSITY OF TECHNOLOGY

Task 1 Development of Joint Degree Programs within the EUNICE Alliance

The European University Office at Poznan University of Technology (PUT) announces an open call for short-term staff mobilities at PUT under the project *"Cooperation and research within the EUNICE EUNICE European University"*, funded by the Polish National Agency for Academic Exchange (NAWA) under the *Support for European Universities* programme, co-financed by the European Funds for Social Development (FERS).

🌎 Why participate?

This is an opportunity to develop professional competences, exchange expertise and good practices, and strengthen international cooperation within the EUNICE European University Alliance.

The mobility focuses on the **development, design, implementation and enhancement of joint study programmes**, including curricula, learning outcomes, ECTS allocation, quality assurance, internationalisation and innovative educational pathways.

Participants will have the opportunity to work with international colleagues, establish professional networks and contribute to the development of joint educational initiatives within EUNICE.

👥 Who can apply?

Academic and administrative staff from EUNICE partner universities and organisations who:

- Are interested in developing new professional competences.
- Have expertise or professional responsibilities relevant to the development of joint study programmes.
- Meet the eligibility requirements specified in the Recruitment Regulations.

🎓 What do we offer?

- **Short-term mobility at Poznan University of Technology:** 3 days of professional activities plus up to 2 travel days.

- **Financial support:** a mobility grant covering eligible travel, insurance, accommodation and subsistence costs in accordance with the project regulations.
- **International collaboration:** opportunities to exchange good practices and contribute to joint degree programme development within EUNICE.

A total of **45 mobilities** are planned under the project.

All mobilities must be completed by **31 May 2027**.

Application procedure

- **Application:** Contact with the project office at due@put.poznan.pl
- **Application period:** Continuous recruitment until the available places or project funds are exhausted.
- **Selection:** Applications are assessed on an ongoing basis according to the criteria specified in the Recruitment Regulations, including relevant expertise, experience in curriculum development, previous participation in EUNICE activities and the institutional potential to implement project results.
- **Related documents:** Recruitment Regulations with annexes

The recruitment process follows the principles of equal opportunities, accessibility and non-discrimination.

For further information, please contact the European University Office at **due@put.poznan.pl**.
